The screenshot shows the Alibaba.com RFQ (Request for Quotation) interface. At the top, the search bar contains "COFFEE BEAN" and is highlighted with a red arrow. Below the search bar, there are filters for "Date Posted" (Last 12 Hours, Last 24 Hours, Last 3 Days, Last 7 Days, 7 Days Ago) and "Categories" (Agriculture > Coffee Beans (163), Kidney Beans (2), Peanuts (1), Vigna Beans (1), Other Agriculture Products (1), Sunflower Oil (1)). There are also filters for "All Languages", "Buyer's Location", "Quantity Required" (with input fields and an "OK" button), and checkboxes for "Open RFQs", "Attachment", and "Hottest RFQ".

The main content area shows a list of RFQs. The first RFQ is titled "green coffee bean export price raw coffee" and is from "Kimble Stohry Kimble Stohry". It has a "Quote Now" button and "Quotes Left 2". A red arrow points to this button. The second RFQ is titled "Arabica Green Coffee Beans" and is from "majid gholami". It also has a "Quote Now" button and "Quotes Left 1". A red arrow points to this button.

At the bottom right, there is a navigation bar showing "628 RFQ found" and "1 / 32".

The screenshot shows the Minisito website editor interface. At the top, there is a blue navigation bar with buttons for 'Customize Style', 'Manage Pages', 'Templates', 'Post', and 'Save This Template'. A 'Help' dropdown menu is also visible. Below the navigation bar, the user's profile 'Indonesia Channel Partner' is shown with a blue arrow pointing to it, and a star icon for 'Add Company to My Favorites'. A notification bubble says 'Learn how to design your minisite.' with a close button. A yellow badge indicates '8YR Gold Supplier'. The main content area features a dark red header with the text '1 Contacts' and a large image of a man's face. A tooltip titled 'Customize the style' is overlaid on the left, showing a preview of the 'Customize Style' panel with 'Background Settings', 'Navigation Settings', and 'Section Settings' highlighted. The tooltip text reads: 'Customize the style by choosing the background layout and color, or upload a background photo.' Navigation arrows and a close button are also present on the tooltip.

PRODUCT ADVANTAGES

Fattoria di Monticello Soc. Agr. Srl

GRAPE QUALITY:

adoption of bio-sustainable practices and innovative grape processing methods that can guarantee high-quality and healthy wines. In particular, we have cut down the use of pesticides respecting the time interval between the last treatment and the harvest. We also use the technique of green manure (i.e., we sow leguminous plants like broad beans along the rows, to enrich the soil with nitrogen and other organic elements), and we use manure from our own cattle to improve the structure of the soil. Finally, manual harvest that prefers the selection of the best bunches.

VINIFICATION WITH THE MOST MODERN MACHINERY:

Attention to quality is seen also in the use of cutting-edge equipment such as grape crushers and stalk removers with soft rubber rolls that minimize the release of oxidizable catechins and favour the retention of water-soluble tannins, guaranteeing higher colour stability.

The use of stainless steel tanks allows us to accurately check the fermentation temperature, a measure that affects directly the sensory qualities of the wine. It is only after this process that our superior wines are transferred to French oak barriques, kept in an air-conditioned environment to favour the ageing process.

Made in Italy

HISTORY: our identity is our future

We have not forgotten the traditions and values of our products. Filled with the pride of a heritage more than **300 years old**, we continue to provide instruments used by millions of people around the globe with the same care as always.

PASSION: we love the products we manufacture

Our strength lies in the passion for our work which we transform into a **philosophy of life**. This is a commitment passed down through traditions and family stories, men and women who have dedicated their lives and efforts to growing and developing the "MADE IN PREMANA" concept.

SKILL: our skill is a guarantee of quality

Our extensive experience and constant search for the **best materials**, combined with the production of machinery designed specifically to manufacture cutting items, allows us to offer a vast range of high quality products, guaranteed by **strict checks** conducted during production.
